

WHAT EXACTLY IS A SUB-ZERO WOLF COOKING DEMONSTRATION
AND WHY WOULD I WANT TO ATTEND?

The Sub-Zero Wolf Showrooms offer cooking demos as a way to “test drive” appliances before or after making final selections because they provide consumers with the opportunity to see the products in action in a live kitchen setting. This experience allows you to get an understanding of the Sub-Zero and Wolf difference first-hand by witnessing the chefs prepare delicious multi-course meals on our products. Attending a demo will help determine which appliances best fit your needs so you feel the utmost confidence in your Sub-Zero and Wolf purchase.

AFTER ATTENDING A DEMO, YOU SHOULD BE ABLE TO
ANSWER APPLIANCE QUESTIONS LIKE:

- Why should I choose Sub-Zero and Wolf for my home?
- Should I choose a griddle or a charbroiler?
- How versatile is the 15” Steamer?
- Should I consider a gas or dual fuel range?
- What can I do with the Bake Stone?
- Are there other accessories available for the Wolf products?
- How do I clean the product?
- How does convection work?

WHO IS INVITED TO A COOKING DEMO AND HOW MUCH
DOES IT COST TO ATTEND?

Sub-Zero Wolf Showroom cooking demos are complimentary and available to any consumer considering Sub-Zero and Wolf appliances or are already Sub-Zero Wolf owners. So, if you are planning to redesign your kitchen, purchase and/or build a new home, or just need to replace your current appliances, attending a cooking demo will offer you tremendous benefits.

WHAT HAPPENS DURING A DEMO?

After you walk through our showroom, our Chefs will prepare a multi-course meal using all Wolf cooking products from food preserved in Sub-Zero refrigerators. This friendly and entertaining environment creates a memorable evening while you gain first-hand experience with Wolf products. Questions are encouraged and the Chefs will even demonstrate how to clean the product at the conclusion of the evening.

HOW DO I SIGN UP AND IT IS IMPORTANT TO
CONFIRM MY DEMO RESERVATION?

Contact us at 630-872-5100 to register for a demo. After you register, we will contact you a few days in advance of the actual demonstration to confirm your attendance.

YOUR CONFIRMATION IS REQUIRED.

Without confirmation, we cannot guarantee availability due to the popularity of our cooking demos. Our Chef also needs to know how much food to prepare so everyone has an enjoyable experience. Due to a limited number of seats available, we must keep parties to two people. And, since alcohol will be served, no one under 21 is allowed. **Also, we respectfully ask that you arrive to our demos on time.**

Demonstrations last for approximately 2.5-3 hours. Finally, please advise us of any food allergies you have.

WHAT SHOULD I BRING TO THE COOKING DEMO?

The only thing you need to bring to our cooking demonstrations is your appetite and your questions. Come hungry and be prepared for a highly entertaining evening.
